

Building the Heart of Practice campaign for a new zendo at Hokyoji!

PLEASE JOIN US at a fundraising event for Hokyoji on October 8, 2024, 6:30-8:00 p.m. at Clouds In Water Zen Center, St. Paul. At this event you will hear ideas about the zendo design and have the opportunity to support this campaign. **Your** contribution will help Hokyoji to reach its campaign goal!

Hokyoji was established over 46 years ago by Dainin Katagiri Roshi, the founder of the Minnesota Zen Meditation Center, Mpls. Hokyoji continues to thrive as a place for meditation and reflection, where practitioners can renew themselves with personal exploration and growth.

Now it is time to replace Hokyoji's existing zendo. The current zendo is over 42 years old and cannot be repaired. Planning has already begun, and we are asking for your support to raise \$425,000 for this project. Many generous donors have already contributed to reaching the goal and we need your help to complete the campaign. Please join us!
